

Press Release

FOR RELEASE April 06 2011

The pretty pink Glitter Stars from Brainstorm's The Original Glowstars Company brand are a must-have accessory for any girl's bedroom. Also from The Original Glowstars Company are Glow Superstars where you can recreate the universe in your own room, accessorise school books, bags or furniture with plastic planets, paper Glowstars, Glitter Stars and more. Kids love to have a torch at hand! The fun Astro Projector Torch has three domes, each projecting a different space pattern onto walls. Choose from stars, planets or spacecraft.

Brainstorm's large range of licensed stickers and room decorations include Disney Winnie The Pooh, Fairies and Princesses plus Barbie and Hello Kitty. By day the decorations are bright, colourful and fun but at night, when the lights go out, they produce a fantastic glowing display.

The Panda and Macaw are two new additions to our Mostaix range of art & craft products. Using small plastic tiles of different shapes, children can make mosaic style pictures, graded to their age and ability. The snap in pieces stay in place without the use of glue or ironing. Simply follow the real-size pattern to make the picture, then hang the picture proudly on your wall or take out the pieces and make another picture from your imagination. There are 8 different designs in the red ribbon series including Horse, Collie and Butterfly.

ZipBin – the toy chest that's also a toy! Each themed bin comes with toys and has four zips allowing the chest to open up into a playmat – and, when playtime is over, it just zips back up into a storage box. The perfect way to play and put things away. ZipBins are available in three sizes mini, small and medium and in a variety of themes aimed specifically at girls, including Fairy Castle and Country Stable.
